

The Interagency Prevention Partnership

A Collective Voice

The Interagency Prevention Partnership (IPP) speaks with one voice through many voices to support the efficient and effective delivery of evidence based prevention practices, strategies, policies and programs throughout Ohio.

A Focus on Prevention & Early Intervention

Promote the utilization of data to identify gaps in resources and/or services to better support the ability of local communities to implement evidence based culturally appropriate practices, policies, and programs.

Guide the implementation and progress of “Ohio’s Shared State Agency Prevention Framework”.

Communicate regularly with the field, State agencies, Ohio Family and Children First Cabinet Council and the Governor’s Office.

An Emphasis on Accountability

Establish greater consistency and coordination of state resources in meeting community prevention and early intervention needs.

Build infrastructure and capacity in Ohio’s prevention system, working towards a more cohesive and collaborative system that coordinates and maximizes resources.

Evaluate the impact of the implementation of “Ohio’s Shared State Agency Prevention Framework” through individualized agency work plans and annual reports to Cabinet Council.
